OTTO M. LOCKE NURSERY
New Braunfels, Texas P. O. Drawer 731

Terms and Conditions of Sale

Prices Quoted in This Catalog are not Postpaid Unless Otherwise Specified.

MANNER OF REMITTING. Please, where possible, send us post office or express money order to cover the amount of goods wanted. Should your order amount to one dollar or more, you may deduct the fee or cost of same from the amount of the order. We will accept stamps on orders for less than one dollar.

TERMS. Our terms are cash with order. The prices are net cash. All prices have been so figured and discounts deducted. If we extended any credit or opened accounts, it would be necessary to have higher or increased prices.

ABOUT WARRANTY. The OTTO M. LOCKE NURSERY gives no warrant, expressed or implied, as to description, quality, productiveness, or any other matter of any seed, bulbs or plants it sells, and will not be responsible for the crop. If purchaser does not accept the goods on these terms, they are at once to be returned, and any money that has been paid for them will be refunded.
We Should Grow More Fruit in the Southwest

Otto M. Locke fruit trees have been budded from good, strong, vigorous and heavy-bearing trees.

APPLES

DELICIOUS. Large, dark red, flesh is fine-grained; crisp, juicy; very attractive and great market apple; the tree is very hardy and a thrifty grower. Conical in shape.

BLACK TWIG. Large, bright yellow, shaded red. Good quality and fine flavor. Tree hardy.

HELM. One of the best apples to grow in the South. The fruit is large, of typical apple shape, red with white specks, and the quality is not surpassed; flesh cream color. Ripens in July.

TRANSCENDENT CRAB APPLE. An attractive yellow color, splashed and striped with red; bears very young, annual crops thereafter. Buds and blossoms exquisitely beautiful. Ripens in July. Excellent for preserves.

Price: 4 to 6 ft., 50c each, $5.00 per dozen, $39.00 per 100.

OTTO M. LOCKE’S DELICIOUS PLUMS

BRUCE. Large, red, productive. On account of early ripening, large size, firm shipping quality, productiveness, and delicious flavor, it is considered the most profitable of all plums.

EXCELSIOR. (Hybrid.) A variety which has proven its value in nearly all sections of the South. Fruit of good size; round, reddish purple; flesh juicy, melting, and sweet.

SHIRO. Rank grower, enormously productive; fruit will keep a month. Is so transparent the pit can be seen through the flesh. Apple-shaped. Early.

GONZALES. A cross between the American and Japanese plum. The fruit is large, sweet, and juicy, and will keep for a week after ripening. Tree good grower and bearer. Ripens middle of June.

HAPPINESS. Trees handsome, leaves very large so sun cannot burn plums. Fruit large, often six inches around; color glowing red, quality very fine. Bears full, but does not overbear, so has no off years.

NONA. Large, oblong, red cheeks; heavy bearer; meat yellow and very sweet; ripens in July; tree a healthy grower and long-lived. One of the best plums for the market.

GOLD. Large, firm, glowing yellow, with some red. Has a wide range, sure bearer, and a money-maker.

AMERICA. Tree very healthy; fruit medium to large, bright golden yellow; firm; stone, medium to large.

SWEET BOTAN. Japanese; one of the finest and oldest varieties. Red with yellow meat, very sweet.

WICKSON. Japanese; tree grows in vase form, sturdy and upright. The fruit is evenly distributed all over the tree. It changes to white when about half-grown, and remains so until a few days before ripening, when it changes to a glowing carmine. Small pit; the flesh is of a fine texture, firm, sugary and delicious. Good keeper. A fine rare plum.

SANTA ROSA. Quality of fruit is unequaled; as a shipping plum it is the peer of them all. Plums are a deep purplish crimson, each fruit averaging six inches in circumference each way; the flesh near the skin is purple shaded with rosy scarlet and pale amber towards the stone, which is very small; the eating quality is unequaled; rich, fragrant, delicious. Ripens early. Tree strong and hardy.

BURBANK. Japanese; named after the introducer of this and most of the other good plums. When fully ripe the fruit is red and deliciously sweet. Best bearing variety.

SATSUMA. A large and well-flavored plum with blood-red flesh, skin bluish red; pit is very small; trees grow large and old, and are very good bearers.

METHLEY. The earliest and best flavored plum known. Ripens May 10. Color bluish red and meat blood red. Fruit sells for $3.50 per bushel on market when others bring only $1.00.

Prices: 3 ft., 30c each, $3.25 per dozen; 5 ft., 50c each, $5.50 per dozen.

PEACHES
(Ripening from May 29 to June 10)

ELBERTA. The peach that everyone knows. A large yellow freestone, red to the pit. The peach for the market.

CARPENTER (Cling). July 8. Medium size, light color, regular heavy bearer. This is one of the few peaches that are entirely successful from extreme Southern Texas to Oklahoma. Delicious flavor, and best of shipping qualities.

BEST JUNE. Freestone; June 28. Light color, red cheek. Fruit large, most delicious. Regular and prolific bearer. A prize for Central and South Texas.

SMITH. Freestone; July 10. Surest bearer known. Regular and abundant bearer. Deliciously sweet fruit.

AUGBERT. Yellow, resembling Elberta; ripening later; more prolific and fruit is of highest quality. Sometimes called late Elberta.

OLD MIXON CLING. The juiciest and best flavored white clingstone peach; of very large size and best bearing qualities.

CHINESE CLING. Spreading habit; healthy; not very prolific; the largest peach in cultivation; flesh white with little red at the seed; tender, and very juicy.

HENRIETTA. A most attractive yellow clingstone. Skin rich yellow with red cheeks. High quality. Excellent table and pickling peach.

BRECK. A duplicate of Honey Peach in size, shape, and delicious quality, but a perfect nectarine. Sure bearer.

WILKINSON. Of the Honey or Pallas strain, and very valuable as far north as Texas. Very sturdy and good grower.

Prices: 4 to 5 ft., 50c, $5.00 per doz.

NECTARINES
(Like peaches, but smooth skin like plum)

BRECK. A duplicate of Honey Peach in size, shape, and delicious quality, but a perfect nectarine. Sure bearer.

WILKINSON. Of the Honey or Pallas strain, and very valuable as far north as Texas. Very sturdy and good grower.

Prices: 4 to 5 ft., 50c, $5.00 per doz.
PEARS

(Ins order of ripening)

LE CONTE. Of remarkable vigor and beauty of growth. The fruit is bell-shaped, of a rich creamy yellow when ripe, very smooth and fine looking. Very good shipper. Ripens in July. Often the fruit softens on the tree. It can, however, be eaten even if not entirely soft, for the meat is of fine texture and very sweet.

KIEFFER. Called by many the "Queen of Pears." Fruit large to very large, skin yellow with a brilliant vermilion cheek, flesh brittle, very juicy, with a marked musky aroma. Tree very vigorous and very prolific. Considered the best all-round pear.

GARBER. Oriental strain, like the Le Conte fruit, and size, shape and color resembles the Kieffer. Ripe three weeks before the Kieffer.

PINEAPPLE SAND PEAR. Valuable for the South as a canning pear. Flesh is coarse, about the quality of Kieffer. Tree a good grower, not subject to blight; good bearer. Ripens in August.

Prices: 3 ft., 35c, $4.00 per doz.; 4 to 5 ft., 50c, $5.50 per doz.; 6 ft., 75c, $8.00 per doz.

QUINCES

ORANGE. Large, roundish, bright golden yellow; cooks tender and is of excellent flavor. Valuable for preserves and flavoring; very productive; one of the most popular and extensively cultivated of old varieties. Ripens in October.

MEECH. Fruit yellow and of fine flavor. Tree very productive. Flesh cooks as tender as the apple.

Price: Small, 40c each; large, 50c each.

BERRIES

AUSTIN MAYES DEWBERRY. Very large fruit, highly flavored. It roots deep, is very prolific and never fails. 25c doz., $2.00 per 100.

McDONALD BERRY. It is hard to decide whether this is a dewberry or a blackberry. It bears in clusters like a blackberry, but tips like a dewberry. It grows on any soil and is most productive of all berries. Berries large and juicy. 35c doz., $2.50 per 100.

AUSTIN MAYES THORNLESS. Like the Austin Mayes Dewberry, only that it has no thorns, which makes picking quite easy. Highly recommended. 50c per doz., $3.50 per 100.

HAUPT BERRY. Large, good flavored, prolific berry. One of the best, hardy. 35c per doz., $2.90 per 100.

MISSIONARY (Strawberry). Most extensively planted. Large, sweet berries; very hardy. 50c per 100, $5.00 per 1000.

TEXAS (Strawberry). The money-making strawberry of the South. Besides being an immense producer of fine flavor and beautiful color, it is a thrifty grower and a splendid drought resister. 50c per 100, $5.00 per 1000.

CHERRIES

COMPASS CHERRY. In size larger than the largest cherry; rather a small plum. It will succeed where the true cherry will not. The tree is vigorous and bears well; fruit, is red; fine for jellies and preserves. Ripens in June.

EARLY RICHMOND. Early, bright red, acid. Tree strong grower.

Price: 40c each; large, 50c each.

APRICOTS

ROYAL. Fruit large, oval; color of skin dull yellow, tinted with red on the sunny side; flesh pale orange color, firm, juicy, rich and vinous; freestone. Ripens end of June.

NEVERFAIL. Large, excellent; an old favorite and one of the best bearers. This is the best of all apricots.

CLUSTER. Grows well and bears young, late bloomer. A good tree to plant; does not require cultivating.

Price: 3 ft., 40c; 5 ft., 50c.

POMEGRANATES

OLD FAVORITE. It is the best of all the fruit pomegranates. The fruit is the very largest, refreshing and sweet. The tree or shrub is extremely hardy and has glossy green leaves. Flowers are large and crimson. 40c each, $4.25 per doz.

DWARF EVERGREEN FLOWERING POMEGRANATE. An evergreen form of pomegranate with small fresh green foliage, and covered in spring and summer with bright scarlet double flowers and in fall and winter, crimson fruits. 50c.

MULBERRIES

HICKS' EVERBEARING. Profuse; ripens fruit for three months, fine grower for shade and suited for the fowl yard.

RUSSIAN. Unquestionably the best shade tree. The tree is very hardy and long-lived. Grows rapidly to a beautiful round shape. The fruit is small and does not drop from the tree when ripe; some trees do not produce fruit at all.

BLACK ENGLISH. A very quick growing mulberry, with very large and well-shaped leaves. The fruit is black and color; stem is very straight, and can be topped at any desirable height. Good bearer.

Prices: 5 to 6 ft., 40c each, $4.50 per doz.; 6 to 8 ft., 50c each, $5.50 per doz.

Quality Always From

THE OTTO M. LOCKE NURSERY

New Braunfels, Texas

LOCATION: On the San Antonio-Austin Highway
CITRUS FRUITS

SATSUMA ORANGE. Hardest of the sweet orange family. Fruit reddish yellow, almost seedless, very sweet, and abundant bearer. Strong Specimen, 75c each.

MARSH SEEDLESS GRAPEFRUIT. This is the best and most satisfactory variety, as it has a mild, sweet flavor most people prefer. Strong Specimen, $1.00.

NEW WONDER LEMON. This is a true ever-bearing variety. A tree six feet high has been known to bear from 80 to 90 lemons, some of which weighed from 3 to 4 pounds each. Will fruit freely the second year. Strong Specimen, 75c.

KUMQUAT. This is the smallest edible citrus fruit. It is a very beautiful tree and bears heavily. The fruit is of the size and shape of a pigeon egg and is eaten, skin and all, just as it is picked off the tree. Strong Specimen, $1.00 each.

JAPAN PERSIMMONS

HACHIYA. Very large, oblong, conical, with a sharp point; very showy; diameter 3½ inches longitudinally and 3 inches transversely; color of skin, reddish yellow, with occasional dark spots or blotches and rings at apex; flesh dark yellow; some seed; astringent until fully ripe, then very good. Tree vigorous and very shapely.

HYAKUME. A large persimmon, varying from roundish oblong to roundish oblate, but always somewhat flattened at both ends, generally slightly depressed at the point opposite the stem; nearly always marked with rings and veins at the apex; skin light buffish yellow, flesh dark brown, sweet, crisp and meaty; not stringent; good while still hard; a good keeper; one of the best market sorts. Trees good growers and sure bearers.

TANE-NASHI. Very large, roundish, conical, pointed, very smooth and symmetrical; color of skin light yellow, changing to bright red at full maturity; flesh yellow, generally seedless, astringent until fully ripe, then one of the best.

EUREKA. The finest of all persimmons. Large, very sweet, and excellent shipper. Entirely seedless. Flesh very juicy when fully ripe. Trees are vigorous growers and bear well.

TAMPEPAN. Large, flat, fruit which has a ring around the center. Excellent color and fruit. Sweetest of all. Sells well. Tree vigorous grower. 2-year trees, 50c; 3-year trees, 75c.

FIGS

BROWN TURKEY. Medium, brown, very sweet and excellent; very prolific and hardy. The most reliable fig for open field culture.

CELESTIAL. Small pale violet; very sweet, prolific and hardy.

GREEN ISCHIA. Green; medium size; of excellent quality.

MAGNOLIA. Large, rich fruit, yellowish brown. Small one-year trees bear fruit first summer.

Prices: 25c each, $2.75 per doz.

GRAPES

Grapes are easily grown. They produce a crop every year. Plant a few Grapes for home use.

CARMAN. Dark red, fine quality. For hardiness and regular crops it is the equal of Herbeumont and Black Spanish, although it is larger.

GUMERA. Very new. Excellent table grape, on account of meat value, juicy contents and wonderful flavor as well as being a beautiful appearing fruit. The product is fine for jelly, preserves, grape juice and grape wine. Very hardy and prolific. Grapes as large as a man's thumb, and borne in heavy clusters. Give this grape a try and you will never want a different grape in your vineyard. 1 year plants, 35c; 2-year, 50c.

ALLAGA GRAPE. This is another of the Grecian grapes and cannot be recommended too highly. Very hardy and productive. Excellent table as well as jelly grape. Deliciously flavored. 1 year, 35c; 2-year, 50c.

MUENCH. Vine very vigorous and free from all diseases; clusters large to very large; purplish black; sells readily in the market; fine for table.

ELLEN SCOTT. Vine beautiful, healthy, prolific; clusters large to very large, conical; berry large, translucent, violet covered with delicate bloom; skin thin and tough; pulp tender, very juicy and pure; high quality.

EDNA. Finest white grape in Texas. A tested variety gave largest crops regularly of any white grape ever introduced. No vineyard complete without this wonderful white grape. Very hardy.

BLACK SPANISH (Jacques, Le Noir, Blue French). Berry small; large clusters; red wine. Hardy.

HERBEMONT (McKee, Bottsi, Brown French). Small; large clusters; purple; finest quality; table and preserving grape; best old grape for Southwest Texas.

R. W. MUNSON. Growth strong; clusters medium to large, cylindrical, often shouldered; berries black, never crack; pulp tender, juicy, very fine quality; good wine grape.

Prices on Grapes: 20c each, $2.00 per doz., $15.00 per 100.

Ellen Scott Grapes
PLANT A FEW ACRES OF PECAN TREES

They Will Not Interfere with Other Crops and Will Pay You a Profit.

BURKETT. Large nut that is almost round. Thin shell, excellent flavor. Bears young and every year.

DELMAS. Regular bearer, large nut, fine flavor, and well filled kernel. If a shade tree is desired as well as a useful tree, plant a Delmas. Tree grows dense and very round in shape.

JOHN GARNER. Somewhat longer than Burkett, being perfectly round at the stem end and flattening toward the blossom end. It is the same size as the Burkett with 5% more meat. Early bearer and very soft-shelled. 4 to 6 ft., $2.85 each.

SUCCESS. One of the finest; shell thin, nut is large, round and well filled. Good flavor. Highly prolific.

MONEYMAKER. Large size nut, blunt on both ends. Thin shell. Tree of healthy and vigorous growth that is not subject to blight.

STUART. One of the oldest of the named varieties, but somewhat short; ovoid in shape, shell thin, partitions somewhat corky, kernel plump, quality very good.

MAHAN PECAN. This is one of the greatest sensations in horticulture. Mr. Mahan of the Monticello Nursery Co. of Monticello, Florida, paid $5,000.00 for the original tree in order that he could have the scions for his extensive propagation.

The tree is a vigorous grower, unusually large foliage, of giant size nuts of thin shell, very sweet, fine quality and attractive. 33 nuts to the pound.

EASTERN SCHLEY. This is the finest nut of them all. Large, sweet, well filled nut with paper-thin shell. Best seller of any nut.

WESTERN SCHLEY. Prolific bearer, nut longer than Eastern Schley. Prolific flavor and quality.

WALNUTS

JAPAN WALNUTS. Trees extremely hardy and vigorous growers. Nuts sweet and of best quality; very productive. 4 to 5 ft., $1.00.

GRANDE ENGLISH WALNUT. Good bearer. Only recently originated in the Southwest. Will stand extremes in weather of both heat and cold. Hardest variety. 4 to 6 ft., $2.65 each.

THE THOMAS BLACK WALNUT. A selected strain of the Eastern Black Walnut with a comparatively thin shell which cracks easily; has light colored kernels, with the same old delicious flavor which tastes so good in cakes and other confections. It makes a beautiful big tree anyplace and bears heavy crops while young. $1.50 each.

DISTANCES FOR PLANTING

Peach, Plum, Apple, Apricot—20 to 25 ft. each way.

Pears—20 to 30 ft. each way.

Pecans—40 to 60 feet each way.

Berry other than Strawberries—4 to 6 ft.

Strawberries—1 to 1 1/2 ft.

Grapes—12 by 18 ft.

NUMBER OF TREES OR PLANTS TO THE ACRE

To determine number of trees to an acre for any given distance apart, multiply distance apart, and divide 43,650 by this product.

FOR EXAMPLE

18 x 20 = 360

43,650 + 360 = 121

There are 121 trees per acre, planted 18 by 20.

PLANTING INSTRUCTIONS

Upon the arrival of your package unpack in a sheltered place, so as not to expose roots to drying winds. If you are ready to plant wrap a few plants in wet burlap and take them out into the garden or field. Never let plants lie for even a few minutes with roots exposed. Assuming that you have all your holes dug, take out one plant at a time and first trim the top. Take off half of the wood, in some cases two-thirds when planting fruit trees. Trim top first, then trim off all broken or bruised roots and cut new surface on all root ends. Then place tree into the hole and fill in loose dirt, preferably the top dirt into the bottom of the hole and around the roots. Press dirt firmly and when tree is set it should stand about two inches deeper than it stood in the nursery. It is easy to tell just how deep a tree was buried in the ground. After planting give a plentiful watering in order to thoroughly settle dirt around roots. After all water has soaked in mulch with several inches of loose dry dirt.

If weather is very dry trees should be thoroughly watered about once every two weeks. Sprinkling or spraying are of little value during times of drought. Remember the roots of most plants are buried 8 to 10 inches in the soil and it takes a good soaking to reach them. Let the hose run slowly for an hour or more.

As young trees generally are planted in more or less fertile soil we do not recommend fertilizing until trees are ready to bear fruit. Too often fresh manure is improperly used and does more harm than good and if used after the tree has become well rooted it is difficult to get the fertilizer too near the roots. Always avoid the contact of the roots with heating manures.

Roses and other flowering plants appreciate fertilization, but we rather recommend good cultivation and watering than the use of fertilizer except by those who know how to apply it. Roses should be severely pruned back every winter to induce the plant to grow new shoots in spring on which the best flowers develop.

LOCATION: On the San Antonio-Austin Highway
HOW TO PLANT EVERGREENS

1. SET TREE IN HOLE TRIPE LOWER THAN IT STOOD IN NURSERY
2. FILL GOOD TOP SOIL AROUND BALL PACK FIRMLY WITH FEET OR SETTLE BY FILLING HOLE WITH WATER
3. LOOSEN BURLAP AT TOP OF BALL ROLL BACK OR CUT OFF
4. FILL HOLE WITH SOIL PACK FIRMLY AND LEAVE TOP OF GROUND COVERED WITH LOOSE EARTH

Dig hole a foot larger and deeper than ball of earth. Provide good, loamy top soil to fill around ball.

SHADE AND ORNAMENTAL TREES FOR THE SOUTHLAND

RETAMA. One of the best shade trees and highly recommended. Beautiful fernlike foliage with yellow flowers. Hardy. $1.00 each.

CHINESE ELM. Quickest growing elm tree. Makes a quick shade; does not break. The finest shade tree for street planting. 5 ft. up, 75¢; 7 ft. up, $1.25.

WEEPING MULBERRY. Forms a perfect shaped head, with long, slender, willowy branches, drooping to the ground in light, airy gracefulness. Beautiful foliage, hardy, safe and easy to transplant. 6 to 8 ft., $2.50.

WEEPING WILLOW. A grand old tree for the cemetery and for the lawn. Should be planted in deep, rich soil where it is constantly moist. 4 ft., 50¢; 6 ft., 75¢.

MAGNOLIA GRANDIFLORA. See Evergreens, Page 10.

No home can afford to be without shade trees at these exceptionally low prices.

ARIZONA ASH. A desirable tree, either for street or yard planting, and adapted to arid region; does not require much moisture. Price: 6 ft., $1.00.

AMERICAN ELM. Long-limbed, fast growing, is always admired; grows well on any ordinary soil. 6 ft., 50¢.

UMBRELLA CHINA. Finest and quickest growing of all shade trees. 4 ft. up, 35¢; 6 ft. up, 50¢; 7 ft. up, $1.00.

CAROLINA POPLAR. A successful shade tree. Resembles Cottonwood. 4 ft. up, 50¢; 6 ft. up, 75¢.

JUDAS TREE OR RED BUD. Long-lived; very hard wood; large round leaves, making a dense shade. The first tree to bloom in spring; has very pretty red flowers which last a few weeks. 4 ft. up, 50¢; 8 ft. up, 75¢.

HUISACHE. Beautiful fernlike foliage. Gorgeous displays, yellow flowers in spring. Hardy. Large specimens, $1.00 each; extra large, $2.50 each.

In planting evergreens, especially the balled plants, pruning is not so necessary except where the plant may have a shape which is not desired. Fertilizer is not generally needed for growing evergreens, in fact, some varieties resent it.

WE DO NOT PAY FREIGHT. Give us your shipping instructions on the order blank herewith and we will follow them closely. In case you order roses or small plants which can be mailed by parcel post we will prune plants back as much as possible and charge you with the postage.

All nursery stock leaves our grounds in first class condition. If it suffers while in transit the railroad or express company will be responsible. If it suffers after the customer has accepted the package the loss will be that of the purchaser.
PALMS

SABAL PALMETTO. The famed cabbage palmetto. This forms a tall tree with a large head of fan leaves. This tree can be grown all over the South. 1 ft. plants, 50c; larger specimens, $1.00 and up.

WASHINGTONIA (Prischardia Filifera). One of the hardiest palms; large, fan-shaped leaves; can be planted in the open ground. Quick growing. 2 ft., $1.00; large specimens, $2.00 and up.

ORNAMENTAL GRASSES, YUCCA, ETC.

BAMBOO. Grows ten to twenty feet high, even on uplands. Excellent for individual or background plantings. Large clump, 50c.

ZEBRA GRASS. The blades of this grass are striped, hence its name. Produces fine lace-like plumes which last for years if cut when fresh; perfectly hardy. 25c and 50c each.

PENNISETUM. Dwarf grass, growing eighteen inches tall, with beautiful white plumes. Fine for bedding. Small clumps, 25c each.

UMBRELLA GRASS. Very beautiful, growing about three feet high, many stalks from each root with umbrella-like tufts of leaves at top. Fine for rock gardens and aquatic gardens. Clumps, 25c each.

DASYLIRION. Older plants have a hundred or more leaves symmetrically arranged of a brilliant intense green every day in the year. Fine for large urns, rockeries and lawns. Plants, with leaves 2 ft., $1.00 each.

YUCCA FILAMENTOSA — Evergreen. This plant is an object of beauty the year around. The leaves are two feet long, bristling out of all angles, with 100 to 200 bell-shaped, creamy white blossoms hanging from branching arms. Perfectly hardy and lives to a great age. Two years old, each, 25c.

PAMPAS GRASS. Used for grouping on a lawn. The plant itself is very ornamental with its long drooping blades, and in August it produces great plumes of silvery white feathery plumes which present a very striking and pleasing appearance. 50c to $1.00 each.

GOLD-EDGE YUCCA. Leaves 12 to 18 inches long and bell-shaped flowers of creamy white. Leaves light green edges with a narrow band of gold. Very symmetrical shape makes it ideal for urns or pots. $1.00 each.

RED YUCCA (Hesperalos Parviflora). One of the rare plants in existence. Dark green, pliant leaves. Flower stalks 5 to 6 feet, covered with scapes of brilliant coral-red flowers from April until late summer. For beauty and hardiness we can hardly name an equal. Blooming size plants, 50c each.

ENJOY OTTO M. LOCKE'S BEAUTIFUL EVERGREENS THE YEAR 'ROUND

(All balled and burlapped unless specified)

Arbor Vitae to plant in the cemetery, as it has the round, compact form, and never grows over three feet high. Prices: 12 inches, $1.00; larger specimens, $1.50 and up.

CHINESE ARBOR VITAE. Fast grower, always green. Good for screens or windbreaks. This variety by proper pruning may be kept any size and shape desired. In fact, annual pruning is necessary for best results. Price: 1 ft., 50c; larger specimens, $1.00 and up.

ROSEDALE ARBOR VITAE. Very compact growth, with sugar-loaf form of the Golden Arbor Vitae, but with fine cedar-like foliage of a bluish cast. Makes a beautiful ornament, perfectly hardy and vigorous growth. 1 ft., 75c each; larger specimens, $1.00 and up.

GOLDEN ARBOR VITAE. Dwarf compact grower, very symmetrical. Tips of all branches assume bright golden tints; used extensively for grouping in front of the taller specimens; very hardy; retains beauty with age. Most popular arbor vitae. 18 inches, $1.00 each; 4 ft., $2.50.

TALL HYBRID ARBOR VITAE. A type very distinctive for its rather loose but gracefully waving, beautiful, light green foliage. A hybrid between arbor vitae and cypressus. Sizes from 1 to 6 ft., scale 50c per ft.

BERKMAN'S AUREA NANA. A new Golden Arbor Vitae, of a dwarf and compact habit; a perfect gem for small gardens or cemetery lots; will not grow higher than 6 to 8 feet. 18 inches, $1.00; larger specimens, $2.00 up.

LOCATION: On the San Antonio-Austin Highway
GOLDEN PYRAMIDALIS ARBOR VITAE. Like Golden, but grows tall and slender. Very ornamental. 18 inches, $1.00; larger specimens, $2.00 up.

TEXAS BLUE ARBOR VITAE (texana glauca). Tall, spreading, upright grower, rather open. Beautiful blue-green color. Very desirable for adding color. Hardy. 18 inches, 75c; larger specimens, $2.00 each.

CYPRESS

ARIZONA CYPRESS. Attractive for its silvery blue color. Beautiful blue or glaucous pyramidal tree, horizontal branching, dense foliage, making perfectly shaped specimens. Fine specimens, $1.00 to $3.00.

CYPRESS, ROYAL ITALIAN (Pyramidalis). A tall, slender evergreen tree of erect habit and dark green foliage. Unexcelled for group plantings, used almost exclusively in landscaping for accent purposes. A rapid grower. 2 ft., $1.00; larger specimens, 75c a ft.

CYPRESS, SPREADING ITALIAN (Horizontalis). Lovely spreading type, rich in appearance with horizontal spreading foliage. Forms a coneshaped tree of great beauty and one of the best for individual specimens. Price scale, 75c a ft.

CEDARS

CEDRUS DEODORA. Cedar of the Himalayan Mountains. Towering pyramidal form, growing from broad base at ground to point at tip. Horizontal branches, graceful, beautiful, silver-green foliage. Very fine for specimen planting. Adds grace and beauty to the finest grounds. The most beautiful tree. 2 ft., $1.75; larger specimens, $2.50 up.

RED CEDAR. The well-known native evergreen. May be trimmed to any shape desired. Its dark green color is excellent for formal work. Plants well filled and compact. Tips turn to reddish bronze after frost. $1.00 and up.

MOUNTAIN CEDAR. Nice round trees, suited for specimen planting. 2 to 3 ft., 75c.

TAMARIX OR SALT CEDAR

ODESSEANA. Neat grayish foliage. Rose-colored flowers in great profusion.

AFRICANA. Upright growth, small pink flowers on long stems. 4 to 5 ft., 40c each. Not balled.

FIR

CHINESE FIR. Beautiful evergreen with leaves 1½ inches long; usually rounded and notched at apex. Beautiful green which turns reddish brown in winter. $2.00 and up.

LOQUAT

JAPAN MEDLAR (plum). This is one of the most handsome of the large-leaf evergreens. Grows into a good-sized tree. Blooms in fall, and its fruit ripens in winter. Fruit is the size of a wild goose plum, round or oblong, bright yellow, and produced in clusters; sub-acid and refreshing. Excellent specimens, 50c to $3.00.

LOCATION: On the San Antonio-Austin Highway
OTTO M. LOCKE NURSERY, NEW BRAUNFELS, TEXAS

LIGUSTRUM

LIGUSTRUM LUCIDUM (Wax Leaf). Extra dense compact growth with very dark waxy green thick leaves. Very hardy and thrives in most any kind of soil with no particular attention or care. A most satisfactory evergreen for general planting. Specimens, 50c to $3.00.

LIGUSTRUM JAPONICUM (Bush). A handsome evergreen shrub with thick, dark, glossy green leaves. Small, creamy white blooms in early spring followed by bluish black berries. Used for hedges and foundation planting. Prices to follow are unballed. Add 25c extra if you want them balled. 12 to 18 inches 10c each, $8.00 per 100; 18 to 24 inches, 20c each, $18.00 per 100; larger specimens, 50c to $1.00 each.

LIGUSTRUM LODENSE. Dwarf, dense grower; compact. A new introduction. 50c up.

AMOOR RIVER PRIVET (South). Of similar form and habit to the California type; not so shiny, but harder; leaves small, round, very dense. Makes the finest hedge. Prices not balled: 2 ft., 10c; $1.00 per doz.; $9.00 per 100. Specimens balled, 50c and up.

CALIFORNIA PRIVET. Splendid for specimens, screens, hedges. Prices not balled: 2 to 3 ft., 10c each. For hedging, $7.50 per 100. Extra heavy two years, $9.00 per 100.

EUONYMUS

EUONYMUS JAPONICA. One of the fastest growing evergreen shrubs, suitable for either hedge or single specimen; can be greatly improved by cutting back to induce bushy form. No evergreen has such a bright dark green color in winter as this. For quick results this excels. 2-year plants, 50c; larger, $1.00.

EUONYMUS ALBO-MARGINATUS. Same as above, with exception leaves have a silver margin. $1.00 and up.

EUONYMUS AUERA VARIEGATUS. Same as above with a gold margin instead of silver. $1.00 each and up.

EUONYMUS NANUS PULCHELLUS. This is the dwarf variety. 25c each, $20.00 per 100.

PITTOSPORUM

PITTOSPORUM TOBIRA. One of the finest evergreen shrubs. Well adapted for trimming. Grows round and compact. Specimens, 75c to $2.50.

PITTOSPORUM VARIEGATUM (Silver or Whitespot). A wide-spreading, dense, round headed type, with light green foliage tipped with white, clustered at the end of branches. Beautiful specimens. $1.00 to $3.00 each.

NANDINA DOMESTICA. Evergreen shrub with reed-like stems springing from roots. Leaves glossy green tinged with red. In winter beautiful bronze tones are assumed. Flowers white followed by masses of small bright red berries that are held all winter. Price: 50c to $2.00 each.

PHOTINIA DENTATA. Handsome, strong growing shrub; leaves large, deeply serrated, glossy green with reddish hue when small; upright habit; very striking; hardy. Fine specimens, $1.00 and up.

ABELIA GRANDIFLORA. See Flowering Shrubs.

TEXAS ASH PLANT. See Flowering Shrubs.

VIBURNUM OR SNOWBALL. Well-known winter flowering shrub, bearing clusters of small flesh colored flowers in great profusion. Unexcelled for mass or specimen planting. $1.00 up.

ROMAN OR SWEET MYRTLE. A well-known green leaved, sweet scented shrub, white blossoms and purple berries. $1.00 up.

SUMACH. Hardy native, growing 4 to 6 ft. Foliage shows beautiful shades all winter, with red limbs and twigs. A grand and valuable addition. Blooms white, perfect evergreen. $1.00 up.

BARBERRY, JAPANESE THUNBERGIA. Light green leaves, that turn red in fall. Red berries in winter. 50c up.

BARBERRY, NEW RED-LEAVED. Bright red foliage year round. Nice for variety. $1.00 up.

CHERRY LAUREL. Well-known evergreen. Fine for specimens. $1.00 up.

BUXUS ARBOREA

ENGLISH TREE BOX. Succeeds almost everywhere. It is of rather slow growth compared with other evergreens. Remarkable for its longevity, and finally gets to be 10 to 12 feet high. The Buxus makes the finest evergreen hedge. Small for hedges. 25c each, $2.50 per doz.; strong, large specimens, $1.00 to $2.50 each.

LAVENDER

LAVENDULA VERA, or TRUE LAVENDER. Very small shrub with gray downy foliage; very aromatic; blue flower; hardy. Fine specimens, $1.00 and up.

SANTOLINA (Cotton) LAVENDER. A sweet smelling dwarf, evergreen perennial, with silver white foliage, useful as rock or border plants, also largely used in carpet bedding. 50c to $1.00 each.

MAGNOLIA

MAGNOLIA GRANDIFLORA. Its large, shining green foliage accompanied in summer with large fragrant, milky-white flowers, places it preeminently above all other evergreens. Should be handled and planted very carefully, as they are extremely sensitive to injury from drying. 2 ft., 75c each; 3 ft., $1.00 each; 4 to 5 ft., $1.75.

CYDONIA JAPONICA

SCARLET FLOWERING QUINCE. In early spring plant is covered with intensely colored scarlet flowers. Growth bushy. 50c each, not balled.

ROSEMARY

Evergreen with greyish green foliage, heavily scented shrub, white blossoms with purple stripes. Hardy. Used for medicinal purposes. $1.00 each.

LOCATION: On the San Antonio-Austin Highway
OTTO M. LOCKE'S EVERBLOOMING ROSES

CRIMSON AND RED

American Beauty. Hardy roses of largest size, having the everblooming qualities of the Tea Rose with the delicious odor of the Damask or Moss Rose. In color it is brilliant red, shading to a rich carmine crimson. The flowers are borne on long, stiff stems, hence a splendid rose for cutting.

Baby Rambler (Mme. Levassuer). This rose is so well-known as hardly to need a word of description. It is a dwarf form of Crimson Rambler, which produces flowers absolutely continuously. Invaluable either for pots or for outside bedding.

Hoosier Beauty—HT. Deep crimson with darker shadings, strong and vigorous. One of the best Hybrid Tea Roses ever produced.

Crusader. A wonderful crimson. A big, strong-growing, robust, and rugged variety, with a heavy growth. A rich, velvety, crimson rose that is free growing and free-blooming.

F. J. Grootendorst (The Baby Rambler Rugosa Rose). Rugosa foliage and habit, compact bush, moderate growth; blooms in clusters of oversized, fairly double red flowers resembling the Crimson Baby Rambler, produced from early summer until fall.

Francis Scott Key. Dazzling crimson globular rose of gigantic size. The rose is deliciously perfumed, strong, vigorous, free branching, with large and handsome foliage. Named in honor of the writer of the Star Spangled Banner.

General McArthur. A grand, new, everblooming crimson scarlet rose. In all the rose family we know of nothing that can compare with this in dazzling color, fragrance of flower and profusion of bloom. Is as fragrant as a rose can be, has good-sized flowers, blooms continuously the whole season through, and gives fine stems for cutting.

CRIMSON AND RED

Hadley. In the Hadley we have a rose that possesses a rich and lasting crimson color, coupled with vigor of growth, robust constitution, and free blooming habit.

His Majesty (Red Frau Karl Bruschki). Dark crimson, shaded vermillion toward edges and overlaid with a rich, velvety shading; opens well to a large and splendid form, high center; fragrant, upright, vigorous.

Red Columbia. This excellent type of vigorous growing rose, with long, clean stems and free blooming, is highly recommended; very fine in bud and beautiful in open flower; fragrant.

Red Radiance. Same rapid grower as Radiance, bright red flowers, double, borne on long stiff stems; one of the finest for cut flowers. Blooms from spring until heavy frost.

Sensation. A large and brilliant rose. Well supplied with a heavy, luxuriant foliage. The flowers are fine any season of the year. The color is an entrancing shade of red. The bud long pointed and strong, with ample foliage.

Etoile De Hollande. Brilliant red of magnificent size, perfect when half open; attractive centers when fully drawn. Fragrant.

F. G. Hill. Dazzling red, with a rich, luscious true rose fragrance. The bush is sturdy and produces a steady crop of long-stemmed flowers and foliage of fine health and color.

Pink

Antoine Rivoire. A grand fancy bedding rose, very large, very full, perfect in form. Color, flesh tints with orange center and carmine edge.

Bridesmaid. The pink sport of Catherine Mermet. It is a stronger grower than its parent; has handsome foliage and the flowers are a very lively pink. The most popular pink rose ever introduced.

Cecile Brunner. This is the popular Baby Pink or “Sweetheart” rose. Color, blush shaded light salmon-pink; distinct and desirable. Makes a handsome miniature rose; fragrant.

Columbia. Too well-known to need lengthy description; glowing pink, deepening as it opens; a marvel of freedom in growth and bloom, with long stems, nearly thornless, quite fragrant, lovely in the bud state, and handsome in the full open flower, which turns to deep rose.

Frank W. Dunlop. Large double rose, like Premier in shape and color; fine cut flower variety. Large foliace, few thorns.

Pink

Jonkheer J. L. Mock. Although introduced only a few years ago, this beautiful rose quickly found its place among our best bedding varieties. The flowers, which are produced in the greatest freedom on long, stiff stems, are of large size and perfect in form, of a deep imperial pink, the outside of the petals silvery rose-white; highly perfumed.

LOCATION: On the San Antonio-Austin Highway
ROSES FOR THE SOUTHLAND

KILLARNEY. No rose has attracted so much attention as Killarney. The color is brilliant sparkling pink. The flowers are extra large and full, with broad, thick petals and delightful tea fragrance.

LA FRANCE. Is exceedingly sweet and handsome, and altogether one of the loveliest and most desirable roses one can plant. The color is a delicate shade of peach bloom, changing to amber rose, elegantly tipped with crimson.

MAMAN COCHET. A magnificent pink rose of the Mermet type. Color very bright rose with shading of yellow in center. Hardy and free bloomer.

PAUL NEYRON. Deep pink, very large and extra fine rose, free bloomer. The rose without thorns.

RADIANCE. A grand free-growing, big-habited rose, with long stems and globular blooms of intense rose-pink color; very fragrant. A fine summer variety and the finest of all the outdoor pink bedding roses. Always in heavy demand.

MARY COUNTESS OF ILCHESTER. Large, double, full, cupped blooms of deep rose-pink; fragrant. Plant bushy; blooms freely. Hardy.

DAME E. HELEN. A superb rose, producing huge, shapely buds and very large, high centered blooms of clear dazzling pink, composed of many concentric petals full to the center and sweetly fragrant. The best double pink.

PRISCILLA. Bud very large, long pointed; flowers extremely large, double, full, cupped, unusually lasting, fragrant, outer petals rose-pink, center petals Tyrian pink, borne singly on long, strong stem. Foliage large, leathery, glossy, disease resistant.

SOUV. CLAUDIUS PERNET. One of the most interesting roses ever introduced to the trade. It holds a proud place in the cut-flower market. A “Golden King of Roses” for all who have learned to grow it well. Foliage like holly, continues in bloom, wonderful in build, color and size. The clearest, brightest yellow rose known.

WHITE

FRAU KARL DRUSCHKI (White American Beauty). Form of flower identical with American Beauty. Color clear white, beautiful in bud and half open.

KAI SERIN AUGUSTA VICTORIA. This is one of the grandest of all roses. It is a strong, vigorous grower, producing buds and flowers of enormous size. Color, pure ivory white. We have no hesitancy in saying that this rose is unequaled by any other in its color. A grand garden rose on account of its vigorous growth and hardiness.

THE BRIDE. The flowers are very large and double on stiff stems of fine texture and substance. Durbin extremely hot weather it becomes pinkish-white; at other times a beautiful pure white.
OTTO M. LOCKE'S NEW AND NOVELTY ROSES

COUNTESS VANDAL. The sensation of the 1931 foreign rose shows, where it won all medals and trophies. Long-pointed buds of bronze, copper-salmon, and gold. Beautiful in open flowers. Plant is free bloomer and hardy.

TEXAS CENTENNIAL. This bright vermilion red rose has a light tone of gold at base of petals, with a lighter red at center of bloom. It gradually tones to a deep, rich pink as the bloom ages. Moderately fragrant flower on a long strong stem. Holds its color in the sun better than any other red rose. $1.00 each.

NIGRETTE "THE BLACK ROSE OF SAN-GERHAUSEN." Nigrette was introduced in America last season from Germany. Plant it for its novel coloring. In the bud it is a very dark, velvety red, opening to deeper shades almost black. Sure grower; prolific in branches and blooms. $1.50 each.

MARY HART (Red Talisman). A stunning, glorious red sport of the well-known Talisman which it resembles in all respects except color, having the same erect habit, with foliage of somewhat darker green. Unceasing bloomer and will not turn bluish as bloom fades. $1.00.

BETTER TIMES. Brilliant crimson-cerise sport of the florist rose, Briarcliff. The well-shaped flowers are born erect on stiff stems freely throughout the season. $1.50.

SOUVENIER (Golden Talisman). Pure golden yellow sport of the remarkable Talisman, which it equals in vigor and resembles in upright growth, free blooming, and foliage. Larger than Talisman of a fadeless yellow that lasts long on the bush or when cut. $1.00.

CLIMBING ROSES

DOROTHY PERKINS. Beautiful, hardy pink, blooming in clusters. An extra good climber for the South.

MARECHAL NEIL. Beautiful, deep yellow; very large, full globular form, sweet, free bloomer; the finest climbing rose.

PAUL'S SCARLET CLIMBER. Winner of gold medal as best new climbing rose at National Rose Society's Exhibition. Flowers are scarlet, shaded crimson; large semi-double. Blooms very long, holding in flower after many June bloomers have dropped their petals. A wonderful rose for trellis or pergola use.

CLIMBING PINK RADIANCE. A lovely rose-pink color. Very free in growth and production of bloom; has good habit, and the lasting qualities of the flowers are wonderful.

CLIMBING RED RADIANCE. An even better rose than its parent, Radiance, in habit, bearing big, globular flowers of deep rose-red on strong, individual canes which are freely produced all summer until frost.

CLIMBING TALISMAN. Sport of Talisman. Vigorous plants with an abundance of foliage and blooms. 50c.

CLIMBING KAISERIN AUGUSTA VICTORIA. Pure white, lemon center. The best white climber.

CLIMBING BLAZE. Everblooming seedling of Paul's Scarlet and Gruss an Teplitz. $1.25 each.

REINE MARIE HENRIETTE. A congenial companion to the Marechal Neil; a sturdy climber and everbloomer. Elegant in bud, finely formed flowers of brilliant crimson.

Price on Climbing Roses: 1 year, 30c; 2-year, 40c.

LOCATION: On the San Antonio-Austin Highway
Ophelia, Hybrid Tea

WHITE COCHET. The charming new white Tea rose. Another new American rose, its habit is exceedingly strong and upright, like its parent, Maman Cochet. The flowers are of enormous size, round and delicately tea-scented. It is without doubt the largest white rose, both in bud and flower.

WHITE KILLARNEY. With many growers used in preference to the original White Killarney, as it has many more petals and makes a finer flower for warm weather use.

WHITE OPHELIA. Erect habit, faultless form, stiff long stems; handsome bright foliage; pure white; a perfect rose.

CALENDONIA. Extremely long, delicate, pure white buds, opening to double high centered blooms of creamy texture.

BLENDED COLORS

LOS ANGELES. Flame pink, toned with coral and shaded with gold. Very vigorous growth, and produces a continuous succession of long-stemmed flowers. Buds are long and pointed and expand into a flower of form and ever-increasing wealth of color.

MME. EDOUARD HERRIOTT. Coral red, shaded with yellow and bright scarlet. Handsome foliage that makes a vigorous growth.

WILLOWMERE. Rich shrimp pink, shaded yellow at center and toning to cream pink towards base of petals. As a summer bedder this variety ranks above all others. A robust garden rose of bushy habit, with beautiful buds, very large flowers and lustrous green foliage.

REV. F. PAGE ROBERTS. Flowers are large and double inner face of petals a soft buff, reverse surface a rich salmon. A fine rose of a vigorous habit, with good shaped bloom, which are carried erect on long stiff stems. Very sweetly scented.

SOUV. DE GEO. PERNET. Oriental red, shaded yellow. One of the largest roses and exceedingly striking.

WM. F. DREER. An exquisitely beautiful rose of the "Los Angeles" type, but much lighter and generally more strongly tinged with yellow.

LOCATION: On the San Antonio-Austin Highway
OTTO M. LOCKE'S ORNAMENTAL FLOWERING SHRUBS

Philadelphus Virginal (Mock Orange)

(All shrubs come balled and burlapped unless specified)

BEULE DE FEU. A good double red variety; opens well.

LADY STANLEY. Large double pink.

TOTA ALBA. Single, pure pearly white; dwarf habit; earliest of all Altheas to bloom and blooms freely. Don't overlook this sort because it is single. It is very desirable.

RUBRA PLENA. Large, double, violet flowers.

LUCY. Large, double rose-red flowers.

JOAN D'ARC. Double white.

PAEONIFLORA. White flower with cherry-red center.

ASTER—Grandiflora Texanum. Improved native aster, profuse mass of bluish flowers; blooms in the fall; grows 4 ft. tall. Clumps, 25c each.

CALLICARPA AMERICANA—French Mulberry. A fine shrub, ornamental with its green foliage and brightly colored berry-like fruit in circular clusters at the leaf joints, appearing late in the fall. Each 50c.

CREPE MYRTLES. The Crepe Myrtle has reached such a high degree of popularity that there is hardly a flower garden without a few of these lovely flowering shrubs. They are lately being used for hedges, which produce the most striking effect and such a hedge is admired by all who see it. The first flowers appear early in May, and from then until frost the plant is continually a mass of flowers. Comes in purple, crimson, pink and white. 1 year plants, 35c each. $3.50 doz.; 2-year plants, 50c, $5.00 per doz., not balled.

CORAL BERRY. A hardy shrub, that is very useful for borders, hedges and general landscape work; has red berries in the autumn, the bush being covered with brilliant red berries. 2 years, 25c each.

ELDER, AMERICAN. Immense flat-topped cymes of white flowers in early summer; followed in August and September by luscious black fruits. Each, 35c.

FLOWERING ALMOND. Double pink; a shower of color in early spring; very hardy. Price, 75c each.

COTONEASTER (Panosa). White flowers, followed by many scarlet berries in winter; leaves ashy color on under sides, giving plant a grayish color effect; very graceful habit; medium size; very attractive. 50c and $1.50 for 3 ft. plants.

FLOWERING PEACH. A most beautiful small tree; at blossoming time in May every twig is bright with beautiful flowers; showy and attractive at a great distance. Price, 75c each.

FLOWERING WILLOW. They bloom constantly from May until late fall; grow on any soil and are long-lived. The lace-like flowers are about an inch and a half long and are borne in clusters. Color, purple or white. Price, 2-year, 35c.

LONICERA MORROWI (Bush Honeysuckle). Handsome Japanese variety with white flowers during May, but especially valuable for its bright red fruit during the summer and autumn months. Price, 35c each; 2-year heavy plants, 50c.

LONICERA (Red Bush Honeysuckle). This upright honeysuckle has pretty fragrant pink flowers, fine for florists; grows in round bush. 2 to 3 ft., 35c each.

LOCATION: On the San Antonio-Austin Highway
FLOWERING SHRUBS (Continued)

PUSSY WILLOW. A delight to all who see them. The large silvery flowers open in late winter. Good growing and very graceful shrub. 75c.

BARBADOS CHERRY. Variable shrub with ovate leaves. Flowers are rose and fruit is red or scarlet. Grown for ornamental purposes. $1.00 up.

TURKS CAP. Alternate toothed leaves with showy red flowers about 3 inches long. Grows 10 to 15 ft. 50c up.

WEIGELLA. Wonderful, important group of shrubs for specimens and desirable for groups and masses. In spring Weigellias are aglow with a wealth of flowers. Rosea with rose-pink flowers. 2-year plants, 50c.

TEXAS ASH PLANTS (Leucophyllum Texanum). This is one of the most striking shrubs we have. The plant has a beautiful ashen-grey leaf, is evergreen and during the summer, after or before rainfall, produces a profusion of lilac flowers which present a very striking appearance. $1.00 and up.

SPIREA VAN HOUTTEI. A splendid new garden shrub, and one of the most beautiful of all. Immense bloomer with snow-white flowers. Strong. 25c each.

ANTHONY WATERER. A fine, hardy perpetual blooming shrub, particularly desirable for the door yard and lawn, or wherever fine, hardy flowering shrubs are wanted. Rich, rosy red flowers in large, round clusters; very free bloomer. Fine plants, 50c each.
LILACS

PURPLE LILAC. A well-known favorite. 35c each; not balled.

WHITE LILAC. Same as above except white flowers. 35c each; not balled.

SUMMER LILAC. (Buddleia Lindleyana). One of the most desirable summer flowering shrubs. Beginning to bloom in July, it continues until cut by severe frost. The flowers are of a pleasing shade of violet mauve, and are borne in dense, cylindrical spikes. It succeeds everywhere, and flowers freely the first season planted. Price, 35c each; not balled.

LAVENDER or CHASTE TREE (Vitex Agnus Castus). A very large, showy shrub with compound leaves composed of five to seven leaflets, dark green above and downy grey beneath. The flowers are borne profusely during the late summer, in long, dense, terminal racemes. Color, lilac and white. 3 ft., 25c; not balled.

HARDY FLOWERING PLANTS

Phlox

CALENDULAS. Hardy annuals. 25c doz.

SWEET WILLIAMS. Mixed colors. 25c per doz.

SHASTA DAISY. This is the daisy produced by Luther Burbank, the finest of them all. Large white flowers. Illustrated on back cover. 10c each, 50c per doz.

TRITOMA. This is an everblooming plant which sends forth peculiar spear-shaped spikes of orange-colored flowers. Very attractive and easy to grow. Sometimes referred to as “Red Hot Fire Poker.” 25c each, $2.50 per doz.

STOCKS (Double). All colors. $1.00 per doz.

VIOLETS. Prince of Wales, finest variety known. 35c per doz.

HOLLYHOCKS. Latest and best varieties, mixed colors. Both single and double. 50c per doz.

PANSIES. Giant flowering in mixed colors. 20c per doz., 50 for 75c, 100 for $1.25.

PERENNIAL PHLOX. Clumps. 25c each, $2.50 per doz. All colors.

BLUEBONNETS. This is the Texas State flower. Grows on poor as well as rich soil. Covered with blue flowers that bloom in spring and there is nothing prettier than a mass of these plants in flowers. They reseed themselves from year to year. 25c per doz., $1.50 per 100.

LOCATION: On the San Antonio-Austin Highway
CLIMBING VINES

KUDZU VINE. The famous Chinese Kudzu grows more in three months than most vines do in five years. Adaptable to porches, arbors, fences, rockeries, old trees, etc. If you wish a vine that will grow anywhere in the bed or poorest soil, then plant the Chinese Kudzu. The large, bold, green leaves afford a dense shade. The flower clusters are deliciously fragrant. Each 25c, $2.50 per doz.

QUEEN'S WREATH (Antigonum Leptopus). This is the Mexican Mountain Rose. It is not, however, a rose, but a quick-growing vine, which produces in the early fall until frost great racemes of rose-red flowers. Tubers, 15c and 25c each.

WHITE QUEEN'S WREATH — very rare — $1.00 each.

CLEMATIS PANICULATA. Beautiful climbing vine with pure white flowers which are borne in great panicles, fairly covering the plant. The delicious fragrance resembles English Hawthorne. 25c each.

CLEMATIS DRUMMONDI. This is the best of our native West Texas Clematis vines. The flowers are white and completely cover the plant. No fragrance. 25c each.

PURPLE WISTERIA. Quick growing climbing vine which produces in the spring of the year elegant drooping clusters of purple flowers. 50c each.

WHITE WISTERIA. Same as above with white flowers. 50c each.

COCCINEA (Honeysuckle). This vine needs no description, for the honeysuckle is too well known. Coccinea has red flowers and is a good bloomer. 50c each.

HALLEANA (Honeysuckle). Blooms from May until November. Always evergreen and one of the most fragrant; flowers white, changing to yellow. 35c each.

RED TRUMPET VINE (Bignonia Radicans). A vine which is used to cover dead trees and old buildings; has clusters of red flowers. 25c each.

FRENCH TRUMPET VINE (Bignonia Grandiflora). Giant flowering grafted trumpet vines. Flowers of enormous size. Very showy and colorful. 2-year strong plants, $1.00 each.

PASSION FLOWER (Passiflora). A fast-growing vine with deeply cut, sea-green leaves and fragrant blue flowers. 25c each.

CLINGING AND CREEPING VINES

FICUS REPENS (Climbing Fig). To cover foundation of building or wall, this is the best and most popular vine obtainable in the South. Small-leaved evergreen, very rapid grower. 35c each.

ENGLISH IVY. The hardy evergreen vine that remains so all the year, making it one of the most valuable of all hardy vines. Covers rock and brick wall most completely. For cemetery purposes also. 25c each, pot grown.

BOSTON IVY. Grows more rapidly than the English, but loses its foliage in winter. 35c each.

VINCA EVERGREEN. Dark green foliage. 10c each.

VINCA VARIEGATA. Green foliage with white shadings. 10c each.

VERBENA. Mammoth flowering that blooms freely throughout the summer. Assorted colors, red, white, pink, or purple. 10c each, $1.00 doz.

LOCATION: On the San Antonio-Austin Highway

OTTO M. LOCKE'S EXCEPTIONALLY HIGH QUALITY BULBS

FAVORITE DAHLIAS

PRIDE OF CALIFORNIA. Mammoth rich “American Beauty” red; very tall vigorous grower, flowering continuously from early summer until late fall. Its perfectly formed flowers are produced on strong stems, well above the foliage. Decorative type. Exceptionally large. 25c each.

ACHIEVEMENT. Largest collarette dahlia grown. Rich velvety-maroon with collar of snowy-white. 25c each.

A. D. LIVONI. A favorite old-time, quilled, shell-pink, ball-shaped dahlia. 25c each.

FRANK A. WALKER. A fine decorative cut-flower dahlia, which is a continuous and abundant bloomer. Very good for cut flower purposes. Good florist's variety. In color a beautiful shade of lavender pink, deeper pink at the center. 25c each.

LIBELLE. Abundant flowering, rich bright purple. One of the best for cutting. 25c each.

SOUVENIR De GUSTAV DOAZON. Large orange-red decorative. Very abundant and continuous bloomer. 25c each.

YELLOW DUKE. Pure golden yellow. 25c each.

Orange and Orange Shades—15c each or $1.50 doz.

Yellow or Yellow Shades—20c each or $2.00 doz.

White—15c each or $1.50 doz.

Maroon and Dark Shades—15c each or $1.50 doz.

Purple and Purple Shades—15c each or $1.50 doz.

Pink and Pink Shades—15c or $1.50 doz.

Mixed Colors—$1.00 doz.

EXCEPTIONAL DAHLIAS

BASHFUL GIANT. One of the largest flowering decorative dahlias in existence. Its gigantic blooms are excellent for exhibition, not only because of size, but also for its beautiful coloring. An exquisite apricot with buff and gold tints. One of the best. A very free and continuous bloomer. 35c each.

ELIZABETH SLOCOMBE. Largest and best of its color to my knowledge and one that I can highly recommend at any price. Its immense flowers are produced on exceptionally long stiff stems, making it very desirable for cutting and grower. The brilliant purplish-garnet coloring makes it very effective in the garden. As the flower matures it fades to a lovely shade of garnet. A very deep flower of decorative type. 35c each.

MRS. CARL SALBACH. A beautiful lavender-pink decorative dahlia which has blends of deeper lavender toward the center. This sensational dahlia has remarkable length of stem, and is a perfect cut-flower and exhibition type, as it lasts so long after cutting. These stately, beautiful blooms are worthy of a place in any garden. 35c each.

MRS. I. DE VER WARNER. A blossom of soft orchid coloring and unquestionably a dahlia of great merit. Its charming color, very large flowers, and long, strong stems make it the cynosure for all eyes at exhibits. A lovely, deep, mauve-pink, of perfect form, a true decorative type which is impressive in its very large size; without exception a leader among the better dahlias. Extremely strong growing, very abundant blooming, and lending itself to either exhibition or garden uses with equal success. 35c each.

IRIS

Yellow, pink, blue and white. Prices: 10c each, $1.00 per doz.

PEONIES

Adorn Your Garden With These Beautiful FLOWERS

LOCATION: On the San Antonio-Austin Highway

OTTO M. LOCKE'S NURSERY
New Braunfels, Texas
GLADIOLUS

Our supply contains the best varieties of gladiolus, some of which are described below. If there is any variety that is not listed, order your variety and it will be filled with that variety. All bulbs are large, well matured, and healthy.

ALICE TIPLADY. A beautiful gladiolus with rich orange flower and pink shadings which gives a beautiful salmon effect.

CHICAGO WHITE. A pure white gladiolus. Rare.

HERADA. A favorite and rare color, very beautiful orchid lavender, or deep lavender purple. Very desirable.

JOE COLEMAN. Brick red with slight throat markings.

MAIDEN’S BLUSH. Very handsome, blush pink with lighter throat.

SOUVENIR. Beautiful rich golden yellow. Most exquisite when used with larkspurs.

One color, per doz., 35c, $3.00 per 100; mixed colors, per dozen, 25c, $2.00 per 100.

LILIES

GIANT HYBRID AMARYLLIS. The finest strain of Amaryllis. Flowers are immense, composed of broad, well-rounded, overlapping petals; of the most perfect form ranging in color from pure white grounds with varied markings of rose, red, and crimson to the richest self colors as scarlet, crimson, red, cherry and maroon. 50c.

AMARYLLIS JOHNSONII. Brilliant red flower, 5 inches in diameter, with a distinct white stripe in the center of each petal; very fragrant. Large. 25c each, $2.50 per doz.

CRINUM LILY. Sometimes called the Southern Lily or Angel Lily. The sword-shaped leaves form a rosette from which very large fragrant flowers appear in immense clusters. Fine for planting along fences and center of beds. Soft, delicate pink with a light red stripe down through each petal. 25c each, $2.00 per doz.

EASTER LILY. Sometimes called Creole Lily. This lily is the best for outdoor planting in the South. The flowers are of purest white. No flower garden is complete without this queen of the lily family. 20c each, $2.25 per doz.

TIGER LILY. Large, orange with brown spots. Very showy; double. 25c each.

CALLA ELLIOTTIANA or GOLDEN CALLA. Rich golden yellow flowers, with white spotted foliage. 50c each.

WHITE SPIDER LILY. This grand lily forms large, imposing clumps that are a mass of clustered heads of pure white fragrant flowers. 20c each, 6 for $1.00.

YELLOW DAY LILY. One of the hardiest of all lilies; single. Once planted you have it always. Rich gold color, striped inside. 10c each, $1.00 doz. Same as above except double. 15c each.

EQUESTRIS. Often called Barbados or Gloriosa Lily. Brilliant orange-scarlet flowers with a green and white throat. 25c each.

NARCISSUS — Paper-whites. Dainty white flowers appearing very early in spring and giving long season of bloom. Extra large bulbs, 50c per doz.

KING ALFRED. Most beautiful of all the many narcissus. Large yellow flowers with long double nose. Most attractive and out of the ordinary. Exceptionally fragrant. 25c each.

SOLEIL D’OR. Beautiful clear yellow flowers borne in clusters. Very attractive for cut flowers. Keep well and bloom for a remarkable length of time. $1.00 per doz.
DARWIN TULIPS
These beautiful tulips are among the most beautiful of spring-flowering bulbs. No spring garden is complete without a bed of these showy blooms. Plant in fall only. 50c per doz.

PRIDE OF HARLEM—Old rose.
CLARA BUTT—Salmon rose.
PAINTEO LADY—Cream.
BERTIGON—Fiery red.
inglescombe—Yellow.
REV. EBANK—Lilac.

CANNAS
This is one of the most thankful flowers. It produces its flowers from spring until frost. Comes in so many exquisite colors that everyone admires them. Needs lots of water. Come in red, pink, white, yellow, crimson, salmon, orange, and yellow with orange-red spots, also one with red and yellow flowers on the same cluster. Order by color or name. 10c each, $1.00 per doz.

TUBEROSES
MEXICAN TUBEROSES. Unlike any other variety it has stiff, tall stems; flowers pure white, single, delightfully fragrant, blooms continuously. Is valuable either for pots or open garden. Large bulbs, 5c each; 35c per doz., or $1.50 per 100.

CALADIUMS
CALADIUM ESCULENTUM (Elephant’s Ear). One of the most effective plants in cultivation for the flower border or for planting near a pool or on the lawn. Needs lots of water. 15c each; Jumbos, 25c.

FANCY-LEAVED CALADIUM. These come in all the colors of the rainbow, making fine plants for separate pots, window boxes or vases. They are very showy, and make attractive ornaments. 20c each.

BANANA ORINCO (Musa). The hardiest and most common sort. Plants of large size with dark green leaves, very robust and easily grown. Strong suckers. 50c each.

COLORFUL PLANTS FOR YOUR POOL
WATER LILIES AND AQUATIC PLANTS
The following are some of the many varieties of water lilies we will be able to supply you with.

AUGUST KOCH. This day-blooming tropical lily is a remarkable bloomer. It is one of the lilac or violet shades. The flowers, which are from 7 to 8 inches in diameter, will remain open for several days. Can readily be grown in a suitable tub. $1.50 each.

GEORGE HUSTER. A free-growing and free-blooming variety with flowers that are from 10 to 12 inches across and crimson in color. Surely this is the most desirable member of the night-blooming water lilies. $1.25 each.
WATER SNOWFLAKE. A lily-like plant, the detachable leaves of which form new plants, covered with dainty white flowers fringed like a giant snowflake. Shipped as floating leaf which soon sends down roots in shallow water. 10c each.

PARROT FEATHER. Quite successful when planted in a tub or water-tight hanging basket. The growth soon goes over the edges in the form of long trailing stems. Extremely valuable for trailing over a fountain. 10c each, $1.00 per doz.

OTTO M. LOCKE’S HI-TESTED FLOWER SEEDS

I handle a complete line of quality flower and vegetable seeds in bulk at current market prices, also in 5 and 10-cent packets. Below are the seeds in which I specialize:

ANTIGONON (Queen’s Wreath). A climber with beautiful rose-colored flowers in racemes. Blooms all summer and after frost dies it down, it will come up again next year from its tubers. $1.50 a pound.

HOLLYHOCK. Flowers single and double, great variety of colorings. Annual.

HIBISCUS. Improved, hardy hibiscus or malow marvels. Large flowers. White, pink, crimson and scarlet.

LILLIPUT DOUBLE ZINNIAS. The plants form handsome little bushes and fairly byssel with tiny, short-stemmed, very double flowers hardly exceeding a daisy flower in size. They are very pretty plants; bloom all summer until late in the fall. Mixed colors.

SNAPDRAGON. Most desirable for its variety of color and succession of bloom. Very fine sorts. Mixed colors.

SWEET PEAS. Grandiflora and Spencer sweet peas of the very best varieties. Mixed and single colors.

ZINNIAS. Large, colossal flowers. No other flower will stand the summer heat as well as the large Zinnias. They should be planted every month during summer to have flowers until frost. Our Mammoth Colossal Zinnias were admired by all visitors. We have them in a fine mixture of all the best colors, and in separate colors.

TEXAS BLUEBONNET. A beautiful low growing plant with its upright spikes of deep blue flowers that has become very popular for planting. $1.00 per pound.

ZINNIAS, DAHLIA FLOWERED. The plants of this new race are very sturdy and produce many flowers with stout stems. In formation the broad petals are closely imbricated, sometimes almost seeming to be piled one upon another. The flowers often measure 6 to 8 inches in diameter. Separate and mixed colors. 15c per packet.

OTTO M. LOCKE’S HIGH GERMINATING GARDEN SEED

DANVER’S HALF LONG CARROTS. The most productive variety, adapted to all classes of soil. Sweet and tender, deep orange in color.

EARLY WHITE SPINE CUCUMBERS. One of the best sorts, vigorous grower and fruiting early. Flesh tender and of excellent flavor. Used in planting for home garden and market.

RUBY KING SWEET PEPPER. Large and attractive. Fruits 4 to 5 inches long. Flesh is thick and mild flavored.

TOMATO SEED. Following are best varieties, having been tested in our gardens: Marglobe, McGee, Gulf State, Break o’Day, June Pink, New Stone, and Baltimore.

BLOOMSDALE SAVOY SPINACH. Large, round, thick, deep green leaves. Earliest and most popular.

ASPARAGUS (Garden Variety) Quite popular vegetable that is no trouble to grow. Strong, hardy roots. 20c each, $2.00 per doz., $5.00 per 100.

LOCATION: On the San Antonio-Austin Highway
INSECTICIDES AND FUNGICIDES

CYANOGAS A-DUST. For rats, mice, moles, ants, flies, fleas, sparrows, snakes, groundhogs, chinch bugs, bedbugs, wasps, melon aphis, grape-leaf hopper, gophers, etc.

For the control of Wireworm plant a bait crop of beans, corn or peas before the garden is planted, covering the bait crop to a depth of about 3 inches, in rows about 36 inches apart. Within one week the Wireworms will be attracted to the bait crop and at this time apply Cyanogas by means of a garden seeder or by similar method, directly into the bait rows and about one inch below where the bait was planted. In the small garden, where no seeder is available, open a narrow trench deeper than the bait level, close to and on each side of the bait row, and apply Cyanogas at the rate of one pound to each 100 feet of row. Cover immediately with the earth dug from the trench and leave in for three or four days, after which time seeds or plants may be planted without injury to them. Remember that Cyanogas is injurious to growing plants and it must not be used except when there are no plants growing.

For field operations, where the bait rows are about three feet apart, it requires about 90 pounds of Cyanogas per acre. For further information ask for bulletin on Wireworm Control. 1 lb., 75c; 5-lb. package, $2.75, f. o. b. New Braunfels, Texas. Cannot be mailed.

POMO GREEN. Especially good for Roses. Insures complete protection against Black Spot, Mildew, leaf-eating insects and aphis. May be dusted or sprayed. Write for full particulars. Pomo Green with Nicotine, 75c per pound, $3.00 for 5-lb. can. Pomo Green without Nicotine, 50c per pound, or $1.75 for 5-lb. carton.

BIRDS

SHELL PARRAKEETS OR LOVE BIRDS. These are very interesting and beautiful plumed pets. Come in colors of green, yellow, blue and white. Green, $2.50 per pair; Yellow, $3.00 per pair; Blue, $5.00 per pair; White, $6.00 per pair.

PARROTS AND MONKEYS. Write for prices.
